Lake Mary, Florida 32746**

Dear Lake Mary Community Member,

We have begun a project that will signify a new era in Lake Mary Athletics! We will be constructing a new athletic complex at Lake Mary High School consisting of a synthetic turf field and rubberized track. These elite projects will enhance the athletic programs of Lake Mary High School as well as our community as a whole.

Our new professional turf field and rubberized track will be not only utilized by thousands of student-athletes and their families at Lake Mary High School, but also the many community sports and events. Of course our high school teams consisting of three levels of football, four lacrosse teams, four soccer teams, and our track teams, will hold their events here. Wrestling, basketball, baseball, softball, swimming, volleyball, and physical education classes will all train at the new athletic complex. In addition, our community will benefit from this project as eight levels of youth football teams, various youth soccer and lacrosse leagues and camps, and the Central Florida Special Olympics will be utilizing our elite facilities.

You have the opportunity to be a part of this special project! We need your support to provide top-notch facilities to all of our athletes and community. There are several levels available for personal or business sponsorships. In addition to being a great occasion to give back to our community, this is a tremendous advertising opportunity. As mentioned above, thousands of Lake Mary families attend weekly events here, as well as visiting teams from around Central Florida.

Your sponsorship can range from naming rights, to billboards at the stadium, to event passes, and more. Please help us to bring Lake Mary to the forefront in facilities in Seminole County and Central Florida.

Your support of the Lake Mary turf field and track project will not only help support the athletic programs here in Lake Mary, but will show your support for the entire Lake Mary Community.

We believe that athletics can instill certain characteristics in young men and women that will make them successful in the classroom and in life. Being a part of our programs will teach them the importance of hard work, loyalty, dedication, and team work. These characteristics are developed through participating in athletics and play a role in making them successful members of society. **Lake Mary High School is able to accomplish these goals only with the support of people like you!**

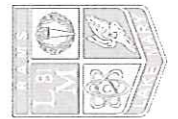

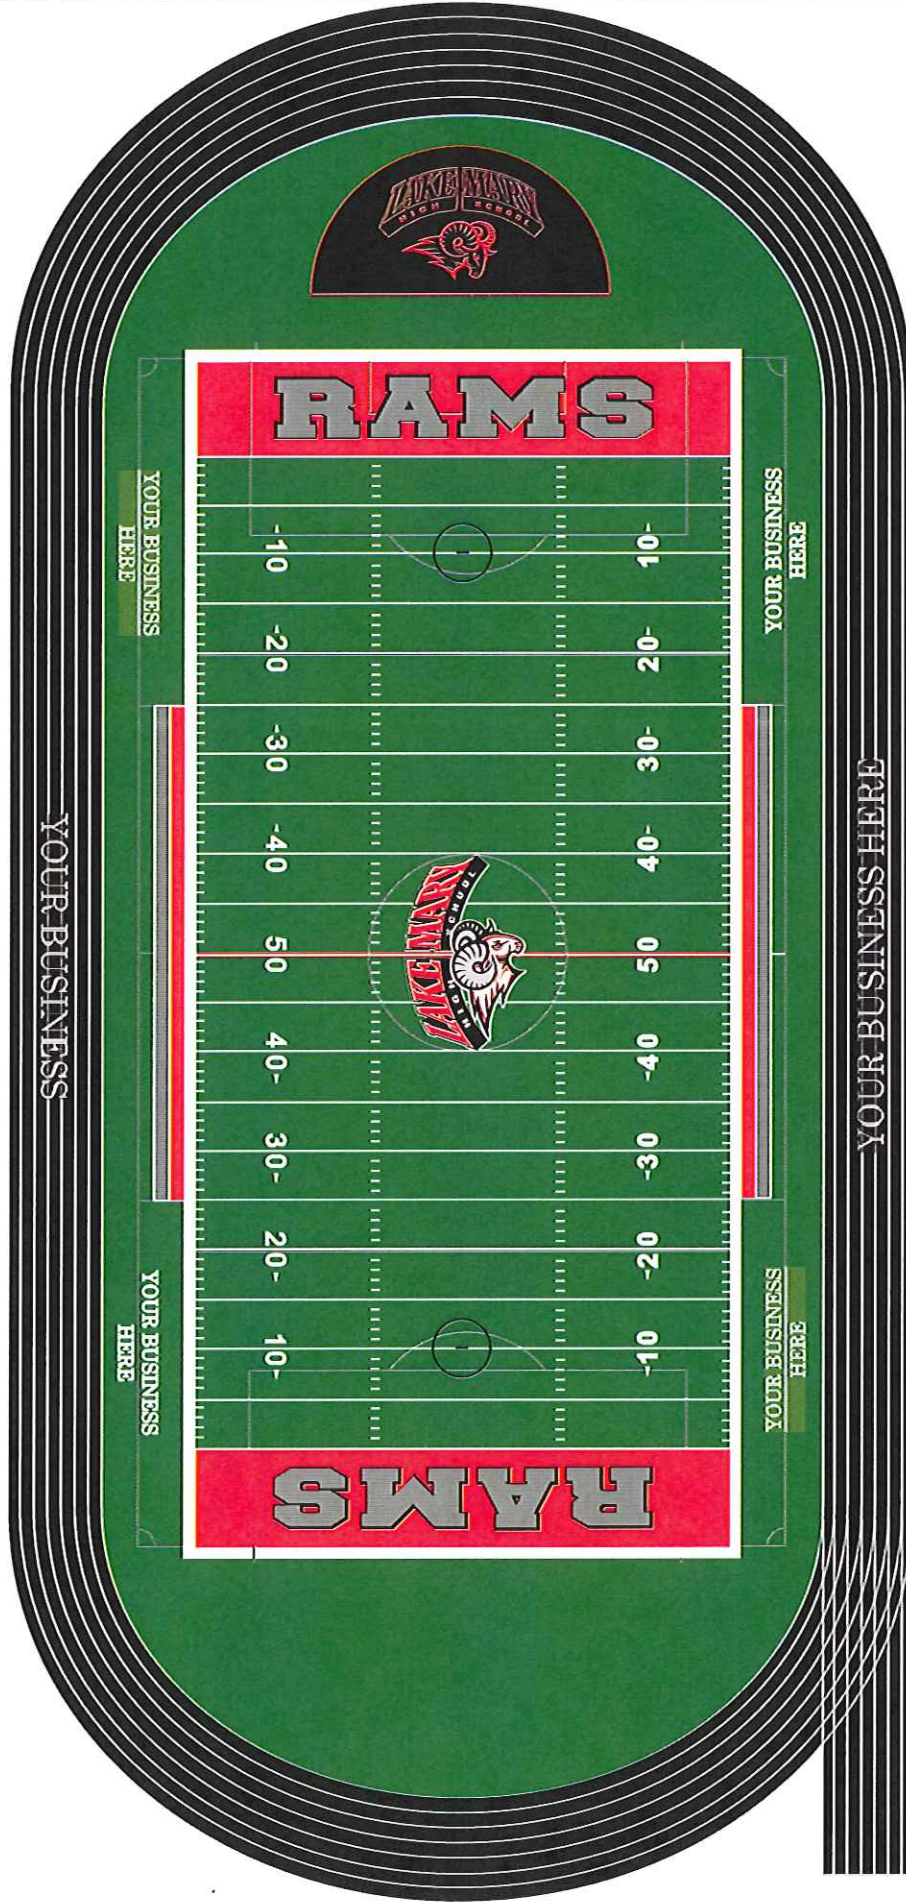

Thank you for your support and GO RAMS!

Doug Peters
Athletic Director
